## **DETAILED ACTION**

### ***Response to Arguments***

Applicant's arguments filed February 28, 2006 have been fully considered but they are not persuasive. With respect to applicant's argument that the claimed invention differs from the prior art of Bennington in that no liquid is enclosed in the tubular handle of the claimed invention, Examiner reminds applicant that the prior art invention only need recite all of the claim limitations set forth in the rejected claim under 35 U.S.C. 102, as the prior art of Bennington does. The fact that Bennington teaches fluid present in the tube is not relevant to the rejection as the word "comprising" in the claim language does not preclude inclusion of any other element, including said liquid.

With respect to applicant's argument that the non-elected species of the claimed invention claims an opening means, Examiner reminds applicant that the claims directed to the non-elected species have been withdrawn from consideration by Examiner in the previous Office action and therefore will not be addressed herein.

### ***Claim Rejections - 35 USC § 102***

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1, 2, 4 and 5 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Bennington (3958571).

Art Unit: 3761

With respect to **Claims 1,2,4,5**: Bennington teaches a swab applicator comprising an elongated hollow tube open at end with absorbent material secured thereto, and an enclosed end adjacent to the open end. The applicator contains a solution to be delivered within the hollow tube.

(Column 1, lines 52-64).

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
